

NOAH'S MODERN

SURVIVAL ARK

FOREWORD

Hello, my friend. I'm glad you took this opportunity to improve your overall preparedness game.

My name is Noah.

All items, topics, and skills discussed in this PDF will obviously vary in quality depending on the item or skill you acquire.

Nevertheless, even low-grade quality equipment is better than nothing.

Sure, the optimization is higher budget, but trust me, even a kitchen knife is a million times better than your fingernails.

I guess you get the point. So don't be overwhelmed. You don't necessarily need to have everything.

Although it would be good to have the most basics covered.

Please review and score yourself objectively on each point. Your task is to create an estimated result for yourself, focusing on areas that need improvement and reviewing yourself honestly.

While we would love to hear your results, this is your confidential plan, so make the best of it.

We provide comprehensive information and necessary preparations, ensuring total overall preparedness even for the worst-case scenarios.

Elevate your performance as much as you can with your available time, money, and energy.

I know it can be overwhelming, but stay blessed and strengthened to take the necessary steps, my friend.

If there are any specific questions, please reach out via email or on Facebook.

RESPONSIBILITY

I understand the weight of responsibility resting on men's shoulders in these troubling times.

I want to encourage you that every preparation you make brings you and your family closer to safety and protection, regardless of the circumstances.

Assess your apocalypse preparedness realistically and prioritize accordingly.

While there's much to be done, achieving the basics isn't as difficult as it may seem.

Think of it as building your own end-times survival ark.

And trust me, this is child's play compared to building a real ark!

"As the days of Noah were, so shall also the coming of the Son of man be."

Every single piece of information found in the checklist is explained either in our "PREPPERS SECRET VIDEO ARCHIVE" or in "CLASSIFIED INTELLIGENCE DOCUMENTARY COLLECTION" in video form for better comprehension.

I highly encourage you to absorb as much knowledge and wisdom as possible while we have the time graciously given to us by God!

BEST WISHES

May God help you guide all actions and progress.

Hopefully, we will all see each other in heaven one day. But until then, we will prepare for the day of the Lord.

**"Behold, the day of the Lord cometh, cruel both with wrath and fierce anger, to lay the land desolate: and he shall destroy the sinners thereof out of it."
(Isaiah 13-9)**

Look, it doesn't matter if you believe in a pre-, mid-, or post-tribulation rapture.

Bad times can come at any time, and the past has taught us more than enough times that there always was and will be tribulation.

Many of our brethren say, "You don't have to prep because God will rescue us."

Well, let me tell you that the disappointment will be very great if the Four Riders of SHTF arrive and you don't know where to get food or water for your family and turn into a savage looter.

Under the right circumstances, most people would be ready to do very cruel things to satisfy basic needs.

Even I would probably break under such pressure.

So please don't take that lightly.

This is still a very sensitive topic among Christians.

I wish you the best progress and strength to take the necessary steps to get yourself and your family ready for SHTF.

We will stay in contact.

Best regards,

Noah out!
